

Park Hills Church Media Policy

Media images and recordings provide a great resource for Park Hills Church to share what is happening in our various ministries with church members as well as our surrounding community. These images can portray the life of the church on such platforms as, but are not limited to, newsletters, websites, social media, magazines, flyers, posters, and audio/visual presentations.

As we continue to strive to protect the safety and privacy of those involved in our family ministries, we have adopted an opt-out only policy concerning the use of media material by the church. Participation in any on-campus church activity (whether by personal volition or parent/guardian will) will imply permission for any media collected to be used for promotional materials by the church at present or in the future. However, if for any reason (ex. foster care, adoption process, personal privacy, etc.) a child's image or likeness should not be used in official church media, please fill out the opt-out form below. Although the church reserves the right to collect media at on-campus events, having an opt-out form will allow us to identify and remove any image/likeness to the best of our ability. *No images of children 5 years of age or younger will be used in promotional material unless given specific consent from a parent/guardian.*

Public/off-campus events such as, but not limited to, parades, off-campus nights, etc., will not be protected by the church and are considered documentable by anyone present. Park Hills Church is not responsible for monitoring media posted by students or church members not serving in a leadership position.

Specifications for Leaders

- No media of children 5 years of age or younger will be shared publicly by a leader via social media, web sites, etc.
- Park Hills Church requests that all pictures, video, or other media taken at any on-campus church activity by leaders of or with students who are part of Park Hills' family ministry be sent to our promotional material managers at socialmedia@parkhillsefc.org. Once media has been filtered, it will be posted by Park Hills official media outlets (i.e. Facebook, Twitter, etc.), credited to its creator, and then sharable.
 - Ex. Media obtained during Sunday morning church, Frontline, or CORE must be sent to Park Hills Church's promotional material managers. However, Park Hills Church is not responsible for media from off-campus events such as, but not limited to, public parades and off-campus youth hang-outs.

Opt-out Form

Sign and submit only if you do not want media of your child used in any Park Hills Church promotional material or media.

I object to the use of any media images or records that will be used or distributed by Park Hills Evangelical Free Church for church promotional purposes
